RESPONSE TO REQUIREMENT FOR STATEMENT  
UNDER §152 OF THE ATOMIC ENERGY ACT

Commissioner for Patents  
Washington, D.C. 20231

Sir:

This Reply is submitted in response to the Requirement for Statement under §152 of the Atomic Energy Act issued on September 6, 2002 in connection with the above-identified application. A response is required by October 7, 2002. Accordingly, this Response is being timely filed.

Enclosed is a statement signed by the inventor that fulfills the requirement.

Respectfully submitted,

AMSTER, ROTHSTEIN & EBENSTEIN  
Attorneys for Applicant  
90 Park Avenue  
New York, New York 10016  
(212) 697-5995

Dated: New York, New York  
September 25, 2002

The following is an example of an acceptable property rights statement. Statements of this type are, of course, only suitable for situations in which NO Agency funds or other considerations were involved in the making or conception of the invention. While this example is in the form of a declaration, a sworn document is equally acceptable.

I (We) Siamak Tabibzadeh

citizens of the United States of America

residing at 71 Parkview Drive, Albertson, New York 11507

declare:

That I (we) made and conceived the invention described and claimed in patent application:

Serial Number 10/014,320 filed in the United States of America on December 11, 2001

titled METHOD FOR DIAGNOSING A PRE-NEOPLASTIC OR NEOPLASTIC LESION IN TRANSITIONAL EPITHELIAL CELLS

(Check and complete either I or II below)

(Check III and/or IV below as appropriate)

☒ I. (For Inventors Employed by an Organization) That I (we) made and conceived this invention while employed by North Shore-Long Island Jewish Research Institute. That the invention is related to the work I am (we are) employed to perform and was made within the scope of my (our) employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of North Shore-Long Island Jewish Research Institute. Other relevant facts are \_\_\_\_\_

That to the best of my (our) knowledge and belief (and/or) based upon information provided by \_\_\_\_\_ of \_\_\_\_\_:

—OR—

☐ II. (For Self-Employed Inventors) That I (we) made and conceived this invention on my (our) own time using only my (our) own facilities, equipment, materials, funds, information and services. Other relevant facts are \_\_\_\_\_

That to the best of my (our) knowledge and belief:

☒ III. The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

—AND/OR—

☐ IV. The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

RECEIVED  
SEP 30 2002  
LICENSING & REVIEW

The undersigned inventor(s) declare further that all statements made herein of his or her (or) own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
